### SPECIFICATION SHEET

|                          |                                    |                  |            |
|--------------------------|------------------------------------|------------------|------------|
| English Name             | Magnesium Carbonate                | Formulation      | Powder     |
| The company              | Penglai Marine (Shandong) Co.,Ltd. | CAS              | 39409-82-0 |
| According                | USP2024                            | Molecular Weight | 467.67     |
| Items                    | Specification                      |                  |            |
| Description              | White Powder                       |                  |            |
| Identification           | Pass A, B, C                       |                  |            |
| Magnesium oxide          | 40.0-43.5%                         |                  |            |
| Soluble salts            | ≤1.0%                              |                  |            |
| Acid-insoluble substance | ≤0.05%                             |                  |            |
| Calcium                  | ≤0.45%                             |                  |            |
| Arsenic                  | ≤4ppm                              |                  |            |
| Iron                     | ≤200ppm                            |                  |            |
| TPC                      | ≤1000Cfu/g                         |                  |            |
| Yeast and Mold           | ≤100Cfu/g                          |                  |            |
| E.coli                   | Negative Cfu/g                     |                  |            |
| Salmonella               | Negative/25g                       |                  |            |
| Staphylococcus Aureus    | Negative/25g                       |                  |            |

Shelf life: 2 years

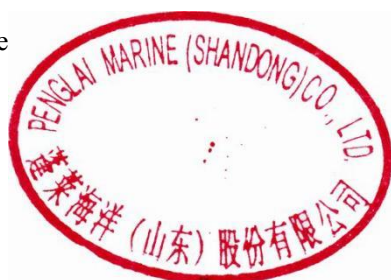

Country of origin :China

Starting material : Magnesium Carbonate

Composition: Magnesium Carbonate

Residual solvent : None

Standard: USP2024
